Work Email

The image shows a highly cluttered and overlapping screenshot of a web application. At the top, there are navigation elements and a search bar. Below that, several panels are visible, including a filter section with 'Filters: None', a table of data with columns like 'Country', 'Type of Work', and 'City', and a sidebar with 'Activities' and 'CV Imports'. The interface is heavily layered with various buttons, dropdowns, and text elements, making it difficult to discern specific details. The overall appearance is that of a complex, multi-functional software tool.
